Totally Cool

Sub-Zero and Wolf opens in LuxeHome at the Mart this month. That's big (look for live cooking demos, a wine grotto, and a section devoted to outdoor living), but Sub-Zero is showcasing small: new 27-inch column refrigerators and freezers bring big-shouldered appliance swagger to tight spaces. Order a single column refrigerator or freezer or opt for both units—all can be fitted with your own kitchen panels for a seamless look. Sub-Zero and Wolf, LuxeHome, 630-872-5100, subzero.com/chicago
